

FOGHAVEN

YOUR SANCTUARY IN THE CLOUDS.
DISCOVER. CONNECT. PLAY

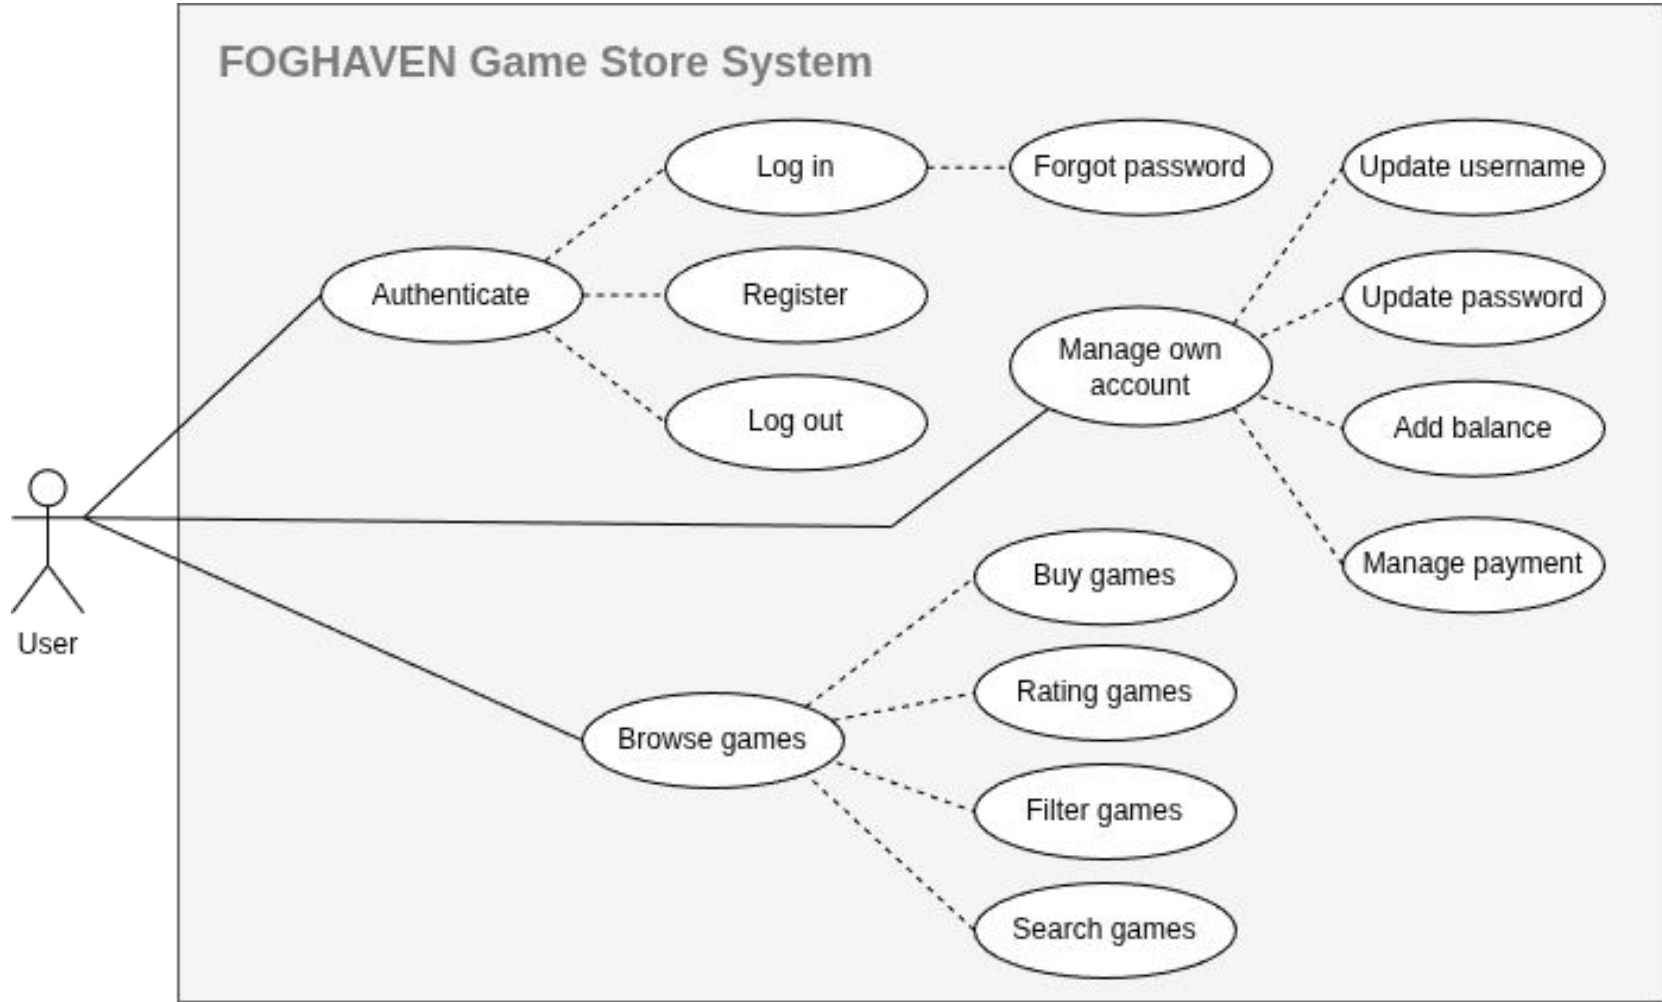

The background image is a digital illustration of a game store project. It features a large, ornate arched doorway in the center, through which a city skyline is visible under a night sky with a bright, glowing orb. The room is filled with tall, dark bookshelves on both sides, each filled with books that have glowing, colorful covers. In the foreground, a desk with three monitors is set up. The left monitor shows a cityscape, the middle one shows a glowing blue portal, and the right one shows a glowing red dragon. A black gaming chair is positioned in front of the desk. Two candelabras with lit candles are placed on either side of the desk. The overall atmosphere is dark and mysterious, with a strong blue and purple color palette.
